A GREAT AMERICAN STORY.

Merillat Cabinetry started in 1946 with Orville and Ruth Merillat. It began with Orville making cabinets by hand, and through decades of innovation, growth, and never-wavering commitment to the customer, it became the #1 cabinetmaker in America.

BEGIN WITH THE END IN MIND.

“

Dream about the look, but also dream about how the room will flow. What do you love to do in the kitchen? Cook? Entertain? Relax? Work? The answers to these questions will help you imagine your design.

– Nellie Ondrovick, Designer, Merillat Cabinetry

DID YOU KNOW?

Merillat® Classic cabinets are consistently tested and meet or exceed KCMA* standards on every level.

"The final result not only transformed the space, but it also became the foundation for the entire home. A place to unwind and hang out with friends."

– Nellie Ondrovick, Designer, Merillat Cabinetry

“ This kitchen, showcased in the next few pages, was inspired by my clients’ love for New Orleans, and products that brought home Southern charm including exposed brick, traditional furniture, interesting lighting, and much more. These elements translate into cabinetry choices like color, style, and hardware.
– Lori Salem, CKD, CAPS, Merillat Cabinetry

WHAT STYLE DO YOU DREAM IN?

“

Aesthetic beauty and comfort are certainly important, but how do you move through and work within the space? Where do important items need to be versus items that are used less frequently? That is all part of great design. – Lori Salem, CKD, CAPS, Merillat Cabinetry

THE NEUTRAL LOOK.

“

Shale is a strong base color that works well with all colors, allowing for splashes of bold, colorful accents. This soft warm grey pairs nicely with other neutrals (whites) and even most of our stain palette for a clean and fresh look. – Lori Salem, CKD, CAPS, Merillat Cabinetry

”

DREAMING HAS MANY COMPONENTS.

“As you dream, think about your style. Do you like light and airy? Deep and dramatic? Clean and modern? There is no right or wrong answer, but style should be compatible with your tastes, your home, and the stage of life you’re in. – Nellie Ondrovick, Designer, Merillat Cabinetry”

Bring the dream to life. See how our designer, Lori Salem, worked with a couple to fulfill their vision.

"We started with a checklist. What she wanted vs. what he wanted. We found commonalities and contrasts. And in the end, we found a beautiful solution."

"After getting to know their wants, I put it together in a drawing. It starts with a floor plan and evolves into a 3D model they could both react to."

An island was perfect for this space. It introduced new design elements, a great work space, and a central sitting place. For more island ideas, see pages 44-45 in this guidebook.

"We tied different looks together with uniform countertops and hardware. It's those vital details that allow for two styles to fit together naturally and beautifully."

Designing should be around your entire life and home. This mudroom design wasn't simply to create a great-looking entry; it was about a family who wanted organization for their most-used items. Beauty and function together in one place? Now *that's* great design.

DECIDE.

Make the choices that make the space. Choose your preferences. Add function that makes the space work.

Door Type.

Overlay. What is it and why?

Partial Overlay.

Overlay is the amount of face frame covered by the door and drawer. The reveal on partial overlay cabinets is typically 1 inch. A partial overlay creates a traditional look, and is typically less expensive.

Full Overlay.

An overlay that covers most of the face frame, giving prominence to the door and drawer design. A full overlay creates a more custom and clean look.

Center Panel. What is it and why?

Recessed Panel.

The center goes inward. Recessed panel designs create a fresh look.

Raised Panel.

The center panel is raised. It provides design dimension and interest.

Slab Panel.

A flat panel with no variance in the center. It provides a clean, modern look that dares to be simple.

Shape. What is it and why?

Square.

Panels that have right angles on all sides. Creates a look like a framed piece of artwork on every door.

Arch.

The top of the panel is curved. It provides an architectural element and design interest (wall or tall cabinets only).

WOOD TYPE.

The wood type you choose makes a difference. Each type has its own unique grain variation and can have a dramatically different look when color is applied. It's important to understand the differences and find the one that fits your style. – Jessica Joffe, Director of Product Management, Merillat Cabinetry

Maple

Maple is a popular choice featuring a fine uniform grain that takes a color quite well. Maple is versatile and available in nearly every color combination. A very consistent wood type.

Cherry

Cherry is moderately hard and heavy, and has a fine-to-medium uniform grain. Cherry is commonly thought of as a deep color, but is quite different depending upon your choice of stain. Expect variations.

Oak

Oak is a heavy, hard wood, and has a medium-fine, noticeable grain. It gives you dramatic lines that play quite differently off of each color.

Hickory

Hickory is a very heavy, hard wood, and has a grain with quite a bit of variance. This creates a design element in and of itself, taking on colors in unique ways. No two doors will look alike.

Textured Laminate

Textured Laminate is a plastic-based product that has proven to be highly durable. This cabinetry gives you a consistent appearance.

Thermfoil

Thermfoil is a solid colored vinyl that is applied to smooth, engineered wood or Medium Density Fiberboard (MDF). Easy to clean and built to last, Thermfoil cabinetry gives you a uniform appearance.

Veneer

A veneer is a thin piece of solid wood that is attached with glue to a supporting board. Veneered components are more uniform in finish and grain, and commonly used as the material for the center panel of a door.

SOFT-CLOSE FUNCTIONALITY

ON MERILLAT CLASSIC® DOORS

DID YOU KNOW?

All Merillat® cabinets are designed and assembled in North America and consistently tested for quality.

Standard

Welcome more peaceful kitchens with soft-close functionality standard for all Merillat Classic® doors. Easily design quiet kitchens without having to add upgrades for soft-close functionality.

Strength

Everything we produce is subjected to a series of strength tests. We don't just meet industry standards—we set our own. Our hinges are subjected to extensive weight and repetition endurance testing to help ensure our products withstand years of use.

OUR CONSTRUCTION.

At Merillat Cabinetry, we take great pride in our craft. Our mission? To build exceptional cabinetry that will be as durable as it is beautiful. That begins with our materials, and it continues with our processes, but it truly is our people who put the Merillat® cabinetry stamp on everything we build. For complete construction information, visit Merillat.com.

Wall Cabinet.

Why is construction important?

Cabinets that comply and bear the KCMA certification seal are recognized as a quality product able to perform after rigorous tests simulating years of typical household use.

We have our own testing facilities to make certain our cabinets meet or exceed the standards set by the Kitchen Cabinet Manufacturers Association (KCMA).

Because they are KCMA certified, high-quality Merillat cabinets are an investment in the overall value of the home and will last beautifully for years to come.

DELIVER.

Prepare for arrival. Ready for installation. Enjoy your new room.

Your vision. Ordered.

- Receive a final design packet or order confirmation from your designer.
- Remember, many people regret not having more accessories or special features in their kitchen. Did you include a pull out wastebasket? What about a wood cutlery divider?
- Confirm you have everything you need for your project to go smoothly. Have you ordered your new countertops? Appliances? Lighting? Backsplash? Flooring?

Your boxes. Arrived.

- Prepare your home for construction to begin! It's almost time!
- Schedule a time for delivery with your dealer.
- Make sure you have cleaned out your old cabinets and cleared a path for your new cabinets to arrive.
- You will soon have installers and other tradesman working in your home. Make sure your little ones (kids or pets) have a safe place to play.

TIP

Don't worry. You won't be inconvenienced long. Merillat Cabinetry delivers our Merillat Classic® cabinets in days — not weeks, like our competitors.

Your cabinets. Installed.

- It normally takes a few days or maybe even longer depending on the complexity to get your cabinets out of the boxes and onto your walls.
- Be sure to understand the install process with your professional installer. When will they begin? What should you expect?
- Prepare to be without your kitchen or bathroom during this period. Where will you eat? How will you wash dishes? Will you put your refrigerator in another room or the garage?
- The installation process requires a skilled craftsman to ensure your design comes alive. Occasionally, things happen. Between your installer's skill and our rapid replacement parts process, you can breathe easy.

Built to last.

- Our cabinets come backed by a 25 Year Limited Warranty. You have our word on it.

Your room. Delivered.

- Enjoy complete satisfaction of your new space!
- Invite friends over and have a dinner party.
- Relax and celebrate your accomplishment.
- Welcome to the Merillat® cabinetry family!

"I believe our product is only as good as the experience you have all the way through. I am Merillat®."

— Rudy Garza, Customer Care, Merillat Cabinetry
